"Alexa, ask Kids M.D."

"Alexa, ask Kids M.D. about dosing"

"Alexa, I"

Who is a female activist. Who is a woman activist. The woman with the book.

Remaining objective when discussing oppression is significantly more important than evoking a rise from your reader by giving a one-sided recount of your research. The writing is also at a good level for its intended audience, it's not so simple that it bores but Women's Voices, Feminist Visions is the textbook for my introductory women's studies course. It was very interesting to read the stories and learn about how women and minorities struggled to find a place in society. ...more Dec 19, 2018 Karrington rated it it was amazing I loved the readings in this book and would definitely recommend it to anyone wanting to get a clearer view on feminism and the teachings involved. Advanced embedding details, examples, and help! Showing 1-30 Start your review of Women's Voices, Feminist Visions: Classic and Contemporary Readings May 05, 2017 Katie Boe rated it it was ok A brilliant anthology filled with a multitude of "women's voices," however, Shaw and Lee themselves seem a bit too biased in several discussions circled around celebrity feminism as well as contemporary examples of sexism in the media. If you're new to women's/gender studies at the college level, this is a good starter book that will introduce you to main, recurring topics within the field, i.e. wage disparity, Black erasure by White feminists, etc. What a great textbook! Compelling, well written, informative. Want more? This was the assigned textbook for my Women's Studies class at CCBC. ...more The only textbook I think I've ever enjoyed reading! What a wonderful experience I've had in my Introduction to Women's and Gender Studies class. Yep, typical liberal college textbook, designed to indoctrinate people who happen to have different views (like actual equality). I think it does a swell job with presenting diverse opinions within feminism and it includes classic essays. The supplementary readings were interesting and contained a variety of perspectives. ...more May 24, 2017 Stellaluna rated it it was amazing - review of another edition Haven't actually read the whole thing yet, but it's good enough in general that I decided to buy it at the end of the semester of college I needed it for. I think the text does a great job of introducing topics and balancing historic and modern takes on feminism. ...more This was the assigned textbook for my Women's Studies class at CCBC. But then again, the feminist genre doesn't seem to evolve too quickly so much of it is still disturbingly relevant despite older publication dates. ...more Jan 27, 2016 Rants and Bants marked it as social-justice-bullshit Saw this from someone I follow on tumblr who's taking a gender studies class for laughs basically. ...more May 04, 2011 Amity rated it it was amazing - review of another edition This book is amazing! You really receive all the angles of feminism! I am now a Women's Studies major after taking a class that used this book! This book is amazing! You really receive all the angles of feminism! I am now a Women's Studies major after taking a class that used this book! ...more Jan 19, 2011 Ashley rated it really liked it - review of another edition I am a Women's Studies instructor and I teach from this book. I read basically all of this book for my Women's studies class. ...more Ash rated it liked it Dec 20, 2014 Hunter Madden rated it it was amazing Dec 25, 2015 Teddy Carter rated it really liked it Oct 19, 2013 I loved this course and this book. Very enlightening about women's rights and rights of other minorities. © 1996-2014, Amazon.com, Inc. Sep 12, 2012 Elisa rated it really liked it - review of another edition Women's Voices, Feminist Visions is the textbook for my introductory women's studies course. Very useful. The only textbook I think I've ever enjoyed reading! What a wonderful experience I've had in my Introduction to Women's and Gender Studies class. A collection of essays displaying a broad range of contrasting and often contradictory opinions penned by women to address core issues in U.S. and global society. I am a Women's Studies instructor and I teach from this book. Every time I pick this book up something new jumps out at me and changes my perspective, if even just a tiny bit. ...more Mar 05, 2008 Pam rated it really liked it Really good women's studies book with short stories on everything from cultural practices to intersex issues. 4 stars because I had an issue with pornography being discussed in the chapter on violence, which actually sparked a pretty lively discussion in our class. Haven't actually read the whole thing yet, but it's good enough in general that I decided to buy it at the end of the semester of college I needed it for. Not only does it provide in-depth introductions to important women's issues as the chapters, but the readings for each chapter provide an array of classic and contemporary feminist texts in order to engage its readers. This is the textbook used for the Introduction to Women's Studies course I teach. This was my textbook for my Intro to Gender, Women, Sexuality Studies class, and it was such an excellent resource! The readings are very diverse and varied and I like how they are broken up. Saw this from someone I follow on tumblr who's taking a gender studies class for laughs basically. My only criticism lies in the fact that this is a very American book, I attend a Canadian university so I would have liked a book that reflects my interests a little more but considering the readings offered I can live with it. Count me out. SUpEr super up to date which was so cool. I think that this was a thoughtful and well-rounded choice on the part of my professor. Paired with my amazing professor, this book made my class one of my favorites! I was annoyed to have to shell over \$130 for this book, but I'm so glad I bought it because I still reference today and use it for other GWSS classes. ...more This was my textbook for my Intro to Gender, Women, Sexuality Studies class, and it was such an excellent resource! The readings are very diverse and varied and I like how they are broken up, or its affiliates Loading PreviewSorry, preview is currently unavailable. This book is incredibly worthwhile as it has some great readings in it, although not all of them feel up to date. Thank god I never had to take a class like this (although I've taken similar classes.). Loved the collection of literature from various feminist writers, though! ...more I read basically all of this book for my Women's studies class. There were some moments when I was like, "Yeah, we been done knew," but there were also some genuinely insightful things here. You can download the paper by clicking the button above. It is worth reading!My one criticism of it is that it doesn't enter much into LGBTQ+ topics for women. ...more May 07, 2009 Laura rated it it was amazing I used this book in my first Women's Studies course, and still enjoy reading it. I used this book in my first Women's Studies course, and still enjoy reading it. Really good women's studies book with short stories on everything from cultural practices to intersex issues. Remaining objective when discussing oppression is significantly more important than evoking a ri A brilliant anthology filled with a multitude of "women's voices," however, Shaw and Lee themselves seem a bit too biased in several discussions circled around celebrity feminism as well as contemporary examples of sexism in the media. ...more A collection of essays displaying a broad range of contrasting and often contradictory opinions penned by women to address core issues in U.S. and global society. If you're looking for in-depth criticism on LGBTQ+ issues from a female/female-identified perspective, I would suggest looking elsewhere. ...more Apr 28, 2019 Alyssa rated it really liked it - review of another edition There were some moments when I was like, "Yeah, we been done knew," but there were also some genuinely insightful things here. There were buzzwords in it like "white privilege" and "male privilege". I live for feminist criticism but must interject when an author blatantly silences other working parts of a concept simply because it interferes with their contention. ...more If you're new to women's/gender studies at the college level, this is a good starter book that will introduce you to main, recurring topics within the field, i.e. wage disparity, Black erasure by White feminists, etc. ...more Jul 10, 2008 Webchicken added it This is the textbook used for the Introduction to Women's Studies course I teach. ...more Oct 23, 2009 Lindsey rated it liked it - review of another edition This book is incredibly worthwhile as it has some great readings in it, although not all of them feel up to date. The writing is also at a good level for its intended audience, it's not so simple that it bores but it also doesn't alienate—the most important factors for a textbook. A great way to receive a bounty of well-thought arguments concerning women's issues, with lots of historical background for common problems.
